

Checkpoint Meeting Minutes

Group Identifier:

9

Date of Meeting:

7

02

2017

Attendance Register:

Name	Present
Jackson	X
Joshua	X
Athanasios	X
David A	X
David C	X

If present mark with (X), approved absence (A), otherwise leave blank

Progress review of last week

Name	Task Description	Task Status
Jackson	Program logic for parts with no integration with other modules	O
Jackson		
Jackson		
Joshua	Program logic for vehicle with no integration with other modules	C
Joshua		
Joshua		
Athanasios	Program logic for customer with no integration with other modules	C
Athanasios		
Athanasios		
David A	Program logic for bookings with no integration with other modules	O
David A		
David A		
David C	Program logic for specialist repairs with no integration with other modules	O
David C		
David C		

Max three rows per group member. Task status: (C) completed (O) ongoing (X) no report

Plan for next week

Name	Task Description	Task Status
Jackson	Program logic for parts with no integration with other modules	O
Jackson	Study requirements and compile a list of everything required for Parts that is needed from other modules	N

David C	Study requirements and compile a list of everything required for Specialist Repairs that is needed from other modules	N
David C	Familiarize self with scene builder	N

Max three rows per group member. Task status: (N) new (O) ongoing (X) no report

Other Issues and Risks

Once we begin the GUI we are concerned about integrating the separate controllers for each module.

There may be issues regarding the database, some of the requirements seem ambiguous and we may need to reconsider our table design.
